# Basic Crime Prevention Through Environmental Design

**DATE:** October 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup> 2010

**LOCATION:** Silver Reef Casino  
4876 Haxton Way, Ferndale, WA  
(Just 16 minutes away from downtown Bellingham and 13 minutes away from the Bellingham International Airport)

**COST:** \$375.00

**REGISTRATION:** Go to [www.safenw.com](http://www.safenw.com) for hotel and class registration information.

*Presented by S.A.F.E. Consulting Northwest,  
the Bellingham Police Department and The  
National Institute of Crime Prevention*

**This training course is open to Law Enforcement Officers, City Planners, City Managers, City Council Members, Architects, Security Consultants, School Administrators and School Security or anyone involved in designing**

**neighborhoods, schools, downtowns, buildings, or revitalization efforts. It is an effective way of fighting crime and promoting business. It is highly recommended for law enforcement first responders and investigators as a means to better identify and provide solutions to the physical security needs of crime victims.**

**\*\*\*Here in the pacific Northwest for the first time ever, Art Hushen and the National institute of Crime Prevention.\*\*\***

**Crime Prevention Through Environmental Design, CPTED, is based on the premise that "The proper design and effective use of the built environment can lead to a reduction in the fear of crime and incidence of crime, and to an improvement in quality of life."**

## **Benefits of Attending:**

Participants in this 3 day class will learn how the design and use of the physical environment can influence human/criminal behavior and reduce the fear of crime. They will learn crime prevention tactics and their influence on decreasing the opportunity for crime. Some of the strategies learned will include but are not limited to: The proper application and appropriate types and placement of lighting, physical and symbolic barriers to include types and application of fences, utilizing the appropriate landscaping and types of plants to use, identifying and using natural access control to influence movement at a location by both pedestrians and vehicles, the meaning of "natural surveillance" and its effect on the criminal mindset. These strategies can be effectively used in various types of settings to include parking lots, parks, schools, roadways, biking paths and all other public and private places. Participants will be given the basic instruction and examples regarding the drafting and implementation of CPTED ordinances and overlay districts within a city, the advantages of having a CPTED ordinance in place and how to present one to lawmakers. Participants will also learn about building and property planning strategies keeping CPTED principles in mind to create a safe yet functional design. This course also has a special one day module focusing directly on the safety of schools and how CPTED strategies can compliment and improve upon that safety.

### **Day 1 8:00am to 5:00pm**

- Registration & Introduction
- Introduction to CPTED
- CPTED strategies/"Design Out Crime
- Lunch on your own
- Lighting for Safety
- Barriers: Real vs Symbolic
- Landscaping, Fencing & Interior Walls

### **Day 2 8:00am to 5:00pm**

- Color and Human Behavior
- CPTED and Parking Lots
- CPTED and Traffic Calming
- Lunch on your own
- Planning, Zoning and CPTED
- Understanding Site Plans

### **Day 3 8:00am to 5:00pm**

- CPTED in Schools
- Schools as Centers of Community
- Lunch on your own
- Safe Schools by Design
- Crisis Planning for Schools
- School Safety and Security Audit

## **INSTRUCTOR**

**Art Hushen** was assigned to the Tampa Florida Police Department's Special Operations Bureau / CPTED Section when he retired in 2006. Art was instrumental in the creation of the Department's CPTED Unit and Tampa's first CPTED Ordinance for the Westshore Business District, which is the largest Business District in Florida. He implemented the CPTED review process for the Tampa Parks Department Greenways and Trails Master Plan, which include over 80 miles of trails. He worked with the Tampa Housing Authority on their Hope VI program and was part of the task force implementing the design guidelines. He completed the CPTED review process for the West Tampa Overlay District and the Tampa Lighting Initiative. Art also completed the City of Tampa's Downtown Security Guideline requirements under the Mayor of Tampa's Downtown Initiative. He implemented CPTED strategies into security and design reviews of commercial buildings, schools, multi-family housing, and residential communities. Art implemented similar strategies in zoning ordinances, land use development, public transportation, and roadway design through traffic calming. He has conducted numerous CPTED site reviews and security surveys for the City of Tampa as well as for the National Institute of Crime Prevention.

Art received his Crime Prevention Practitioner Certification and CPTED Designation through the Florida Crime Prevention Training Institute where he assisted in the creation of the Advanced CPTED program and the State standards for the CPTED Designation. He is an instructor for the Florida Attorney General's Office specializing in Basic and Advanced CPTED, CPTED in Schools, and CPTED & Critical Infrastructure. He is also an Adjunct Instructor for Fox Valley Technical College specializing in CPTED. He is a graduate of the National Crime Prevention Institute, Fox Valley College, and the American Crime Prevention Institute in both Basic and Advanced CPTED. Art holds a Bachelor of Arts degree in Criminology from the University of South Florida.

Art is a Director of the United States Designing Out Crime Association, Board member of the International Society of Crime Prevention Practitioners, Past Chairman of the Florida Design Out Crime Association (FLDOCA), Past Board Member of the International CPTED Association (ICA), and Past President of the Sun Coast Crime Prevention Association. He is a member of the American Planning Association (APA) and the American Society for Industrial Security (ASIS). He was awarded the Sun Coast Crime Prevention Association Crime Prevention Practitioner of the Year for 2000. He has conducted seminars and training throughout the United States and has been a guest speaker in Canada, the United Kingdom, and Europe.

Date: October 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup> 2010
